Only new parts or components authorized by SNT may be used for the service of the Goods. IT and software issues related to autonomous driving of the Goods must be resolved by an **SNT IT support center**. Warranty service will be provided at no cost to the Customer for parts and labor. If the first registration of the Goods at [AutoMowing](#) is not properly and timely completed, SNT will not grant the Customer this extended Warranty.¹

The Customer must promptly inspect the Goods upon receipt. Before the first use, the Customer must read the instructions for use and any Warranty conditions and then follow them strictly. Otherwise, the Customer bears the risk of damaging the Goods through improper use, which may result in the inability to assert the Customer's rights under the Warranty or under liability for defects.

¹ For the sake of prudence, if the Goods are not purchased directly from SNT but from its distributor (the "**Distributor**"), from the moment of sale of the Goods by the Distributor to the end customer, SNT provides an additional warranty for twelve (12) months from delivery or 800 hours of operation of the Goods, whichever occurs first, which is extended to twenty-four (24) months after registration of the Goods on [AutoMowing](#).

The period for exercising the rights under the Warranty begins when the goods are delivered to the Customer. The Customer may exercise its rights regarding liability for defects (in Czech: *práva z vadného plnění*) within 6 months of when the risk of damage, loss or deterioration of the Goods passes to the Customer.

The Customer must notify SNT in writing of any apparent defects in the Goods promptly, but in no event later than five (5) Business Days of delivery of the Goods.

The Customer must notify SNT in writing of any defects that could not be detected during the proper incoming inspection without undue delay, but no later than five (5) Business Days after the defects are discovered. Otherwise, the Goods will be considered without defects, unless SNT fraudulently concealed the defect.

If the Customer fails to notify SNT of the defect within the time limits stated above (i.e., defects that could have been discovered through a timely inspection and with sufficient care after the risk of damage, loss or deterioration to the Goods has passed to the Customer), the Customer loses the right to rescind the Contract.

If there is a defect in the Goods, the Contract will be considered to have been breached in a non-material manner and the Customer's claim for defects shall be governed by Section 2107 of the Civil Code and SNT will, at its option, repair or replace any defective Goods.

- b. SNT further provides a 3-month warranty for spare parts which are determined and designated as such by SNT, e.g. the control unit and delivered outside the Warranty (the **"Spare Parts Warranty"**) from the day they are delivered to the Customer provided that they have been installed and assembled by an authorized SNT distributor/ SNT service point or SNT service center. Failure to do so will cancel the Spare Parts Warranty. Customer's claims under liability for defects of spare parts are excluded. In any case, the Spare Parts Warranty expires no later than the expiration of the Warranty for the Goods into which the spare parts have been installed. The Warranty and the Spare Parts Warranty are referred to hereinafter as the **"Warranties,"** and each is referred to as a **"Warranty."**

First, the problem is always eliminated "remotely" with the Customer and/or SNT service point and the SNT IT service center. SNT is not obliged to resolve a Warranty Claim within 30 days.
